*Data sources:*

- One week ago data are average waiting times based on the official submission from 1<sup>st</sup> until 5<sup>th</sup> of June 2020
- Due to lack of data by Serbia, quantitative assessment is not possible. Qualitative assessment for SER border crossings is based on unofficial data from road hauliers and camera monitoring
- Official data are sent by South East European Parties (SEEP) to Transport Community Secretariat every day at 14.00
- Waiting time calculations consider inbound and outbound waiting times in both directions.
