

Monitoring waiting time at WB internal borders (October - November 2020)

Since the Joint proposal prepared by TCT Permanent Secretariat and CEFTA Secretariat to facilitate the transport and trade of essential goods within the Western Balkans, we have been monitoring the waiting times at the borders in close cooperation with the respective authorities.

Daily monitoring has shown no major jams at Western Balkans internal borders during the past 2 months. During November, the waiting times across the region have remained almost at the level of October times.
