

Monitoring of EU/Western Balkans 6 TEN-T land borders Weekly overview (01 – 05 March 2021)

BORDER MONITORING

Waiting times have kept decreasing in Gradina/Kalotina. Situation has also improved in Batrovci/Bajakovo which remained, though, the most crowded of the EU/WB6 BCPs under monitoring. In Horgos/Roszke waiting times have been on an increasing pace for the second week in the row. Kakavija/Ktismata and Bogorodica/Evzoni have experienced sharp increase in waiting times, further to the Greek authorities' decision to impose supplementary border restriction for Covid19 related reasons.
