

Monitoring of EU/Western Balkans 6 TEN-T land borders Weekly overview (15 – 19 March 2021)

BORDER MONITORING

Horgos/Roszke remained more or less stable (with SRB-HUN improving and HUN-SRB worsening), while Batrovci/Bajakvo went significantly better. Waiting times increased in Gradina/Kalotina and Bosanski Samac/Slavonski Samac (BiH – HR direction) while slight improvement was noticed in Vatin/Stamora Moravita. Bogordica/Evzoni remained stable but average reported figures should be taken cautiously, as not fully reflecting the situation from the drivers' perspective
