

## Monitoring of EU/Western Balkans 6 TEN-T land borders Weekly overview (02 - 06 August 2021)

### BORDER MONITORING

Horgos/Roszke kept improving for the second week in a row. At BiH-HR border, waiting times decreased in Gradiska/Stara Gradiska on the inbound direction but increased slightly in Bosanski Samac/Slavonski Samac. Gradina/Kalotina turned worse in both directions while in Batrovci/Bajakovo, the improvement on HR-SRB direction did not compensate entirely the sharp increase on the opposite side. The other BCPs under monitoring remained stable.
