Transitional period – 30 June 2023

Commission Delegated Directive (EU) 2022/2407	ADR, RID, ADN 2023
Article 2	Chapter 1.6 Transitional measures
	1.6.1 General
1. Member States shall bring into force the laws,	1.6.1.1 Unless otherwise provided, the
regulations and administrative provisions necessary to	substances and articles of ADR/RID/ADN may be
comply with this Directive by 30 June 2023 at the latest.	carried until 30 June 2023 in accordance with the
They shall forthwith communicate to the Commission the	requirements of ADR/RID/ADN applicable up to
	31 December 2022.

When Member States adopt those provisions, they shall contain a reference to this Directive or be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Transitional period – 30 June 2023

Commission Delegated Directive (EU) 2022/2407	ADR, RID, ADN 2023
Defined in terms of activities EU Member States need to develop in order to comply with the obligations assumed by adoption of the initial legal act, Directive 2008/68/EC.	Defined as possibility to "carry substances" according to ADR 2021 &/ 2023
o regula	oment of national transposition measures: aws, itions and tive provisions.
\Rightarrow Includes translation in a series of other necessary ad	aptations of the national legislation. +

 \Rightarrow Any other measure which is necessary to allow for adaptation to technical and scientific progress

e.g. Amendments of the transposition measures of Directive 2010/35/EC on transportable pressure equipment as a follow-up of the amendments in

1.8.6 Administrative controls for the activities described in 1.8.7 and 1.8.8

e.g. Give the task to the competent authority to notify the inspection bodies to UNECE Secretariat according to 1.8.6.2.4.3 \Leftrightarrow NOTE: In that context, reciprocal recognition agreements between Contracting Parties to ADR shall be respected. (i.e. Directive 2010/35/EU)

Why does the transitional period coincide in the EU & UN?

- Dangerous goods are the same and circulate worldwide
- The timelines need to coincide as the legal requirements to transport them will change – e.g.:
- ✓ Transitional provisions in Ch. 1.6 which still allow carriage in the conditions of previously applicable technical conditions

e.g. "1.6.4.58 Type approval certificates issued for tank-containers intended for the carriage of substances other than those for which TA4 and TT9 of 6.8.4 apply, issued before 1 July 2023 in compliance with Chapter 6.8, but which do not comply with 1.8.7 as applicable from 1 January 2023, may continue to be used until the end of their validity."

✓ Chapter 3.2 – New entry

UN 3550 COBALT DIHYDROXIDE POWDER, containing not less than 10 % respirable particles

What happens when a Member State cannot comply with ADR/RID/ADN?

- Complementary system of derogation => Commission Implementing Decisions
- Last exercise : COMMISSION IMPLEMENTING DECISION (EU) 2022/1095 e.g.

Derogation	Section derogated from
Transport of waste containing free asbestos	Annex I, Section I.1, to Directive 2008/68/EC: 4.1.4
Scheme for transport of domestic hazardous waste 2015 The scheme was set up to enable individuals and businesses to deposit small chemical waste at a single location. The substances in question therefore consist of residues such as paint waste.	Annex I, Section I.1, to Directive 2008/68/EC: 1.1.3.6, 3.3, 4.1.4, 4.1.6, 4.1.8, 4.1.10, 5.1.2, 5.4.0, 5.4.1, 5.4.3, 6.1, 7.5.4, 7.5.7, 7.5.9, 8 and 9.
Transport of dangerous goods in the close proximity of industrial site(s), including transport on public roads between various parts of the site(s).	Annex I, Section I.1, to Directive 2008/68/EC: Annexes A and B

What is a Directive?

• A directive shall be binding, as *to the result to be achieved*, upon each Member State to which it is addressed, but shall leave to the national authorities *the choice of form and methods*.

Article 288 Treaty on the Functioning of the European Union (ex Article 249 TEC)

=> flexible legal act => domestic transposition measures should take in account such flexibility

Last but most important

Vienna Convention on the Law of the Treaties
 Article 29

Territorial scope of treaties

Unless a different intention appears from the treaty or is otherwise established, a treaty is binding upon each party in respect of its **entire territory.**

Vienna Convention on the Law of Treaties (1969) (un.org)

Explanation

- IF a transposition measure is presented for a part of the territory of a Regional Partner or Observing Participant it cannot be taken into account if:
- ✓ It does not have a background in historical legal division of the international legal order (OTIF ≠ OSJD)
- ✓ It cannot be considered as partial transposition for the entire territory, but for a part of it

Task for Regional Partners & Observing Participants

- By 2 April 2023, please communicate to the TC Permanent Secretariat a 1-page answer to the following questions:
- What is the status of your respective Regional Partner concerning the Vienna Convention on the Law of the Treaties? (Signatory/Successor)
- 2) How does membership/non-membership affect your work as a Regulator in transport of dangerous goods?
- 3) What are the measures that you will need your Ministry to take in order to support your activities of ensuring safety and security of transport in your territory?

Task for Regional Partners & Observing Participants

- Please put in subject of the email the name of the Regional Partner/Observing Participant
- Do not forget to consult all relevant colleagues dealing with dangerous goods on a daily basis
- Discuss the matter with other Ministries having competences on TDG also.
- Compulsory consult the answer with the Legal department and International Relations Department in your administration
- This is a good occasion to activate the TDG IMPLEMENTATION GROUP (see Guidelines <u>TDG Guidelines .pdf</u>)

Thank you !
