Ștampila emitenței, locul, data, semnatura:

NOTĂ: Acest certificat trebuie să fie returnat emitențului atunci când vehiculul este scutit din circulație, în cazul schimbării transportatorului, utilizatorului sau proprietarului indicat la rubrica nr. 5. În expirarea perioadei de valabilitate și în cazul unei schimbări majore a caracteristicilor vehiculului.

# NATIONAL AGENCY OF ROAD TRANSPORT

- According to the provisions of Code of Road Transport (150/2014), Agency is responsible for:
- **The periodic technical inspection of road vehicles is carried out at specialized technical inspection stations authorized by the Agency;**
- Only professionally trained and certified personnel are admitted to the periodic technical inspection activity within the training, improvement and professional certification centers authorized by the Agency;
- The **authorization** for carrying out the **periodic technical inspection activity** is issued for a period of **5 years**.

# NATIONAL AGENCY OF ROAD TRANSPORT

- According to Regulation on road transport of dangerous goods (589/2017):
- The Agency carries out the **generalization and analysis of information** regarding the carrying out and results of the technical inspection of road vehicles in accordance with the conditions of A.D.R., for the **optimization of the network of periodic technical inspection stations** in the field of road transport of dangerous goods
- From the total of **111 technical inspection stations**, **33** are authorized for periodic technical inspection of vehicles carrying out dangerous goods
- **Statistics of issued Certificates of Approval:**

Year	Number of transport operators	Tractor	Trailer/Semi-trailer
2021	250	1347	1055
2022	300	1642	1301

# NATIONAL AGENCY OF ROAD TRANSPORT

- According to Regulation on road transport of dangerous goods (589/2017), Agency is responsible for:
- **control and monitoring of road traffic of dangerous goods** on the territory of the country, in compliance with the provisions of section 1.8.1 of annex A to the A.D.R.;
- the duration of the checks will not exceed **30 minutes in road traffic** and **4 hours at the company premises**;

# NATIONAL AGENCY OF ROAD TRANSPORT

- **Infringements** are divided into **3 categories**, classified according to the size of the risk that each presents: **Category I risk, Category II risk, Category III risk**
- Controls are carried out at the **company premises** in the following situations:
  - if infringements have been found in road traffic likely to **endanger safety in the transport of dangerous goods**;
  - if the authorities with control powers from other member states or contracting parties of the A.D.R. Agreement have informed the authorities about **serious or repeated violations** of the regulations regarding the transport of dangerous goods.
- If one or more violations related to the road transport of dangerous goods are found, **it is prohibited to carry out the road transport operation until they are removed.**

# NATIONAL AGENCY OF ROAD TRANSPORT

- According to Regulation on road transport of dangerous goods (589/2017), Agency is responsible for:
- **Issuing the act of coordination of the transport routes** for dangerous goods, including for foreign carriers transporting dangerous goods to/from the Republic of Moldova, in transit or to/from third countries;
- The Ministry of Internal Affairs, together with the Ministry of Infrastructure and Regional Development is responsible for **coordinating of the schemes of the road sectors** of the Republic of Moldova authorized for the transport of dangerous goods.

# NATIONAL AGENCY OF ROAD TRANSPORT

- Additionally, according to the Regulation on road transport of dangerous goods, **Agency is responsible for:**
- admitting an ad hoc operation of road transport of dangerous goods in internal traffic;
- placing on the official website of the Agency the list and the text of the national/international normative acts applicable to the process of organizing and carrying out the road transport of dangerous goods;
- investigating, together with the other authorities, the events occurring during the loading, unloading or road transport of dangerous goods, as well as establishing and applying the necessary measures.

# THANK YOU!

**National Agency of Road Transport**
