Technical Assistance for collecting Road Safety KPIs on Seat Belt and Child restraint Systems in the Western Balkans region

PS/SRV/KPI/006/2023

Q: There are many annexes to be completed. But that is difficult to do when they are in pdf format. Could you send me Word versions of the Annexes?

Over the last five years I have also worked in another company. I was wondering whether references to projects undertaken during that period can also be used

- to show evidence of required professional competences, and/or
- to count for the 2 “similar projects” that are a requirement for eligibility.

A: The Word version of each Annex is published on our website.

In order to prove Technical and Professional ability criteria, **the tenderer** should provide evidence as per Instructions to tenderers.

If a tenderer applies as a natural person, all previous evidence related to his/her professional competences and similar projects shall be evaluated. If a tenderer applies as a legal person, only evidence showing the previous engagement in similar projects or other relevant professional competencies of that entity (the tenderer) shall be evaluated.
